

Falcon Institute of Health and Science

Biennial Drug and Alcohol Policy Review Report

- On March 12th, 2021 school's Drug and Alcohol Policy was reviewed by the Institutional Advisory Board.
- At the Institutional Advisory Board meeting it was determined that the program is effective, and no changes were recommended.
- There were no drug and alcohol-related violations and fatalities that occur on the school's campus or as part of the school's activities and are presorted to campus officials.
- No sanctions were imposed.
